# WHY MESALTERA BY DR. MIKHAYLOVA - SPECIAL?

This is the first new generation line of cosmeceuticals based on the production of injectable medical products.

①

High concentration of active ingredients

②

Synergistic and intensive effect of formulations on the skin

③

Preparations aimed at correcting skin conditions

④

Innovative cosmeceuticals with clinically proven efficacy

⑤

Fast and reliable solution for a wide range of aesthetic applications

⑥

Results comparable to those of injectable procedures

⑦

Effectively combined with injectable and hardware procedures

MESALTERA by Dr. Mikhaylova - The first professional Russian-Swiss cosmeceutical brand created by a practicing physician, one of the leading specialists in the field of dermatology and aesthetic medicine, Dr. N. Mikhaylova

## WHY MESALTERA BY DR. MIKHAYLOVA - SPECIAL?

  
mesaltera  
by Dr. Mikhaylova

Preparations of the line MESALTERA by Dr. Mikhaylova -  
the result of the joint development of doctor Natalia Mikhailova with scientific laboratories in Switzerland, Japan, France and Canada.

## Brand creator

Dermatologist  
Natalia Mikhailova

*«I created this brand because the solutions on the cosmetology market did not satisfy me in terms of effectiveness and current knowledge of the pathogenesis of aesthetic problems.*

*MESALTERA by Dr. Mikhaylova - is for those who want not just to improve their skin condition, but who delve into the causes and pathogenesis of these conditions, use the latest scientific research and developments in dermatology, physiology and cosmetic chemistry, who want to achieve lasting results in eliminating aesthetic skin flaws»*

Dr. Mikhailova.

Universal series  
basic  
skin care

SKIN EXPERT

**ETHEREAL**  
Cleanser emulsion | 200 ml

Light cleansing emulsion

The unique delicate texture of the emulsion transforms into water upon contact with the skin, effectively dissolving impurities and makeup, including waterproof. The peculiarity of this cleanser is that it does not destroy but restores the skin barrier function due to the high content of vitamin E and also has an antioxidant effect. It does not cause irritation and dryness.

**MICELLAR**  
Cleanser water 200 ml | 400 ml

micellar water  
for quick make-up removal

With micelles that actively trap impurities, excess fat and makeup, Micellar Cleanser quickly, gently and effectively cleanses the face, including the lip and eye areas, without compromising the skin's barrier function. The proprietary active complexes AcquaCell and Prodew® 400 provide instant hydration and long-lasting hydration for a soothing, toning and soothing effect.

**GENTLE**  
Cleanser mousse | 150 ml

Cleansing Mousse

It has a mild keratolytic effect. Effectively removes impurities, excess sebum and makeup. Promotes cleansing of pores from comedones. Thanks to the complex of plant extracts it gently and effectively cleanses. Stimulates cell renewal processes. Does not damage the protective mantle of the skin. It has a neutral pH and is suitable for all skin types.

**ENZYME EXPERTPEEL**  
Gel | 200 ml

Enzyme peeling gel

Enzymatic peeling gel for intensive cleansing of skin from comedones and keratinized skin cells. Contains Keratoline™ complex obtained by biotechnological fermentation, when applied to the skin it becomes active, softens comedones and milia, promotes cleansing of sebaceous glands ducts. Softens and moisturizes the skin, stimulates cell renewal. Suitable for all skin types.

## PERFEITOPPEEL Gommage cream 50 ml | 200 ml

Cream-hommage with microspheres  
Jojoba oil for all skin types

The unique structure of the exfoliator ensures the adhesion of keratinized skin scales and sebum. In the process of gentle exfoliation, the peeling gently removes dead skin cells, frees sebaceous gland orifices from hyperkeratosis, normalizes sebum outflow. Jojoba microspheres polish the skin, smoothing its relief, improving microcirculation and promoting cell renewal.

## SILK STERILE Gel | 100 ml

Gel with antibacterial effect

This delicate alcohol-based gel with hyaluronic acid has pronounced antibacterial and regenerating properties. It can be used for face, hands and body skin, including damaged skin. It is not drying. Does not have a pungent smell.

## MASSAGE RICH Cream | 200 ml

Facial massage cream

Created for professional application and carrying out various massage techniques. Thanks to the unique texture-transformer during massage the cream transforms into oil, providing long-lasting gliding, nourishing and moisturizing. The triglyceride complex prevents the transepidermal loss of moisture, restores the hydrolipidic mantle. Sea buckthorn oil provides a strong rejuvenating and regenerating effect. Fragrance of guava and citrus contributes to the atmosphere of relaxation and good mood.

## SLEEPING MASK | 50 ml

Bio revitalizing mask

A new generation of professional night care. The mask with "gel-trap" texture provides deep prolonged hydration. HYDRAPROTECTOL™ SM complex promotes instant replenishment of the skin's hydro-resources. The active ingredient PENTAVITIN® binds to keratin of the stratum corneum of the epidermis according to the "water magnet" principle.

## VEGELIP+ Cream

50 ml | 200 ml

Repairing moisturizing cream

Restores, moisturizes, nourishes and protects the skin, has a powerful antioxidant effect, stimulates cell regeneration, reduces wrinkles and prevents premature aging. Thanks to the patented complex of stabilized vitamins A, C, E, the cream has a soothing effect, normalizes the moisture retention capacity of the skin, improves relief, improves skin softness and elasticity.

## UV EXPERT MOISTURIZER SPF 50+ cream-serum | 50 ml

Sunscreen Moisturizing Cream Serum

Cream with airy texture designed specifically for maximum protection against UVA/UVB rays. The innovative Uvinul Easy component (combination of UV filters) guarantees broad-spectrum protection with an SPF 50+ factor Provides maximum sun exposure time for all skin phototypes. The cream is ideal for use after aggressive cosmetic procedures.

## BIOTIC Cream

| 50 ml

Cream with probiotics and prebiotics

Special formula for regeneration of skin with damaged protective barrier. Normalizes skin microbiome. Promotes activation of renewal processes and restoration of skin barrier function. Maintains optimal conditions for the skin microbiome, prevents damage to the epidermis and dermis under the influence of UV light, prevents the development of pathogenic microorganisms and provides an optimal microenvironment.

## POWER C EXPERT Gel

| 100 ml

Antioxidant vitamin gel concentrate

Antioxidant gel with active vitamins C, A and E specially designed for machine cosmetology. Promotes effective correction of wrinkles, couperose, dull complexion, brightens skin. Increases elasticity and tone, evens out skin color, makes skin radiant and smooth, narrows and lightens pores, renews and regenerates skin. Moisturizes and promotes moisture retention.

Acid series for controlled skin renewal

# ACID THERAPY

**LOCAO RICO**  
AHA/BHA lotion | 100 ml

Lotion

Active lotion based on a complex of fruit acids for regeneration and rejuvenation of any skin type and any age. Especially recommended for fading skin, skin with signs of hyperkeratosis, enlarged pores and comedones, for oily and problematic skin. Delicately removes keratinized cells of the epidermis, reduces comedones, stimulates cell renewal processes, reduces wrinkles.

**GLYCOLIC MASK 10 %**  
| 200 ml

Skin cleansing peeling mask

Peeling mask promotes deep skin cleansing, removes comedones. Due to the content of glycolic acid the mask has a pronounced exfoliating effect, it evens and brightens the skin, smoothes wrinkles. Collagen and elastin contribute to fast skin regeneration. Complex of plant extracts provides soothing, softening and toning effect.

**RENEW PEEL** | 30 ml

Revitalizing peeling, natural cell activator

Promotes fast and gentle cell renewal. Reduces wrinkles, smoothes the relief of the skin, making it smooth and radiant. Stimulates the production of young collagen and glycosaminoglycans in the skin, increases its elasticity. Lightens hyperpigmentation, evens out skin tone and improves complexion. Provides intense moisture from within. Promotes skin cleansing, reduces comedones and shrinks pores.

Series for instant and long-lasting hydration of the skin

# AQUA EXPERT

**AQUA EXPERT**  
Lotion

200 ml | 400 ml

Moisturizing lotion

Moisturizing lotion with hyaluronic acid and inulin quickly restores skin's hydrobalance and pH. Low-molecular hyaluronic acid penetrates deeply into the skin, providing instant hydration. Prebiotic inulin restores the skin's healthy microbiome, relieves irritation and dryness. The lotion is perfectly absorbed and eliminates the feeling of tightness.

**AQUA EXPERT**  
Gel | 100 ml  
Moisturizing gel concentrate

Moisturizing active gel is specially designed to achieve effective long-term hydration of all skin layers. It promotes intensive revitalisation of dehydrated, dull, dry and lifeless skin. The product's activity is considerably increased when it is combined with hardware methods. The gel has a unique sliding structure, which ensures maximum contact of the cosmetology device head with the skin.

**AQUA EXPERT**  
Cocoon-mask | 210 g  
Moisturizing alginate cocoon mask

The basis of the moisturizing mask is alginates of the French Brittany brown algae which are rich in unique marine components: alginic acid, its salts, polysaccharides, microelements, vitamins and proteins. The mask forms on the skin surface a film-container like a "second skin", which fills the skin with moisture. Facilitates deep penetration of the active ingredients.

**AQUA EXPERT**  
Mask | 50 ml | 200 ml  
Mask for hydration and regeneration of the skin

Instant hydration and skin repair mask - SOS-moisturizer for dehydrated and dry skin and restoration of normal hydration level. Instantly eliminates the feeling of dry and "tight" skin. Helps to improve the relief and tone of the skin, reduces the appearance of wrinkles.

**AQUA EXPERT**  
Cream | 50 ml | 200 ml  
Moisturizing cream

Active cream for instant and long-lasting hydration of the skin. Complex Hydralchatine™ Asia replenishes moisture loss in the intercellular space and intracellular environment. Complex Drieline™ has an active regenerating effect, stimulates the synthesis of collagen and hyaluronic acid, supports the skin immune system. Nikkolipid 81S provides deep moisturizing and prevents moisture loss.

Soothing and regenerating series for  
sensitive and reactive skin

**SENSI PLUS**

Distributor von Martinex • Alex Eifert •  
Phone: +49 (0) 209 177 999 7 • [info@martinex.de](mailto:info@martinex.de) • [www.martinex.de](http://www.martinex.de)

## SENSI PLUS Lotion

200 ml | 400 ml

Soothing lotion for sensitive and irritated skin

Designed to neutralize redness and irritation of natural and post-procedure origin. Quickly and effectively soothes the skin, reduces its reactivity. Promotes restoration of skin barrier functions, reduces sensitivity to external irritants, restores water balance and skin pH.

## SENSI PLUS Aloe gel

| 100 ml

Soothing and moisturizing gel

Multifunctional gel quickly soothes and softens the skin, relieves discomfort, dryness, irritation and redness, reduces itching. It has pronounced moisturizing and moisture-retaining properties, promotes skin regeneration and formation of normal connective tissue during healing, minimizes the appearance of scars. Stimulates synthesis of collagen type 1, increases cell viability.

## SENSI PLUS Mask

50 ml | 200 ml

Soothing mask for sensitive and irritated skin

The cream-mask instantly soothes, reduces reactivity and discomfort, relieves redness. It has regenerating and moisturizing effect. Neutralizes irritations and reddening of various etiology. Promotes the synthesis of your own sources of hydration and skin elasticity. It has a powerful regenerating effect.

## SENSI PLUS Cream

50 ml | 200 ml

Soothing cream

The cream is designed for sensitive, irritated skin, skin with couperose, spider veins, skin highly reactive to temperature changes, as well as to various irritants. Pacifcell complex instantly soothes, reduces redness, relieves feelings of discomfort and dryness. With regular use, it neutralizes the root causes of skin irritation, reduces skin reactivity and sensitivity.

SENSI PLUS

Total solutions for problem skin

**ANTI ACNE**

**ANTI ACNE**  
Cleansing gel      200 ml | 400 ml  
Skin Cleansing Gel

Deeply cleanses the skin from impurities, make-up, excess sebum, frees clogged pores, reduces comedones. Fights acne. It eliminates hyperkeratosis. Reduces the number and severity of inflammatory elements. Does not dry the skin.

**ANTI ACNE**  
Lotion      200 ml | 400 ml  
Lotion for oily and problematic skin

Designed for cleansing, toning and care of oily and problem skin with acne. Salicylic acid provides exfoliating action, softens comedones. Ac.Net™ complex blocks the origins of acne and comedones and fights the hyperproduction of sebum. Trikenor™ Plus Complex offers antimicrobial and soothing properties. Panthenol and Allantoin moisturize, soften and soothe, promote skin renewal. Contains no alcohol and does not dry the skin.

**ANTI ACNE**  
Complex      | 100 ml  
Gel for oily and problematic skin

Thanks to the active ingredients, it effectively fights the signs of acne of different degrees. The gel eliminates inflammatory elements, has antibacterial effect, normalizes sebum secretion, improves regenerative processes in cells, has a soothing effect, eliminates oily shine, has a pronounced antioxidant effect.

**ANTI ACNE**  
Mask      50 ml | 200 ml  
Mask for problem and oily skin

The mask is designed to care for problematic and oily skin and to correct the main causes of acne. It normalizes sebaceous glands functions and reduces sebum production. Effectively eliminates the causes of inflammation of the skin, suppressing the action of pathogenic flora. Contains signal molecules extracted from milk proteins, it soothes and increases skin immunity.

**ANTI ACNE**  
Hydrating cream | 50 ml  
Moisturizing cream for problem and oily skin

Moisturizing cream of light texture for skin with acne. It simultaneously fights the appearance of acne and intensely moisturizes the skin. Thanks to the active Ac.Net™ complex, it blocks the causes of acne and comedones, normalizes sebum production, helps to shrink pores and provides a soothing effect. Instantly moisturizes and maintains proper hydration levels. Shea butter softens, restores the lipid barrier and enhances the skin's defensive functions.

**SEBO CONTROL**  
Cream | 50 ml  
Sebo-regulating cream

Normalizes sebum secretion and prevents the appearance of oily shine. Thanks to zinc gluconate, oak and willow bark extracts it has a pronounced sebo-regulating, bacteriostatic, astringent, keratolytic, regenerating effect. It moisturizes and protects the skin from external influences and oxidative stress. It is an excellent base for make-up.

**ANTI ACNE**  
Drying lotion | 30 ml  
drying lotion

The drying lotion quickly removes the elements of acne from the skin. After the first application it quickly and effectively soothes the skin, while also drying out and masking acne. The zinc compounds in the formula have an antibacterial effect and also stimulate local immunity, reducing the likelihood of a recurrence of acne.

A range of products with proven  
rejuvenating properties

**AGE CONTROL**

## COLLAGEN ACTIVE Concentrate | 10 ampoules of 2 ml

Anti-wrinkle concentrate

Designed specifically to improve skin quality, remove defects and wrinkles that occur with age. The product consists of collagen and elastin hydrolyzate. Their task is to compensate for the lack of valuable amino acids: alanine, valine, proline and the key metabolic regulator glycine. Thanks to this the synthesis of our own collagen and elastin is increased, the base of the skin is recreated and maintained.

## DMAE ACTIVE Concentrate | 10 ampoules of 2 ml

Concentrate - instant lifting

Active concentrate with 6% DMAE is designed to quickly and effectively restore a clear contour, eliminate sagging skin. DMAE is proven to provide immediate lifting and toning of the skin, increases the expression of collagen type 1 genes and matrix metalloproteinase to the level of young skin, thereby accelerating the synthesis of new collagen, normalizes blood circulation in the areas of its disruption.

## LIFT EXPERT Gel | 100 ml

Concentrate gel for skin lifting

Specially designed for intensive lifting of face, neck and décolleté skin. DMAE is a highly effective rejuvenating ingredient, provides instant lifting, smoothes wrinkles, improves skin tone, stimulates fibroblasts to produce collagen and elastin, stabilizes cell membranes. The gel is an excellent base for hardware procedures, increasing penetration of all active ingredients, which leads to fast and visible results.

## ANTI AGE VC-IP Mask | 50 ml | 200 ml

Intensive Anti-Aging Mask

It has a pronounced rejuvenating effect, reduces wrinkles, smoothes uneven skin. Stimulates cell regeneration and renewal, evens the complexion. Promotes deep moisturizing and moisture retention in the upper layers of the epidermis. Intensely nourishes, regenerates and softens the skin. Soothes irritation, reduces redness and reactivity of the skin.

## ANTI AGE Cocoon-mask

| 210 g

Rejuvenating alginate cocoon mask

Rejuvenating lifting alginate mask for instant lifting. The mask uses innovative components, which have a direct effect on the elimination of wrinkles, age spots and ptosis of skin tissues. Spirulina algae, thanks to its record protein content, improves metabolic processes and strengthens the cell membrane.

## LIFT PEPTIDE Mask

| 50 ml

Rejuvenating mask

The unique rejuvenating mask significantly reduces wrinkles, decreases wrinkle depth, provides instant lifting, stimulates proliferation of young cells. The mask is based on an innovative mechanism of action: triggering of keratinocytes growth factor synthesis, activation of cell communication between epidermis and hypodermis. The mask visibly evens the relief, increases skin tone, improves the regeneration process, nourishes, moisturizes and softens the skin.

## LIFT PEPTIDE Cream

| 50 ml

Rejuvenating cream

Unique rejuvenating cream from the first days of use gives a pronounced lifting, significantly reduces wrinkles, reduces the depth of folds, stimulates the proliferation of young cells. Its constant use helps even out skin contours, improves skin tone, regenerates and replaces wrinkled tissue. The cream nourishes, moisturizes and softens the skin.

## ANTI-AGE Lifting eye cream

| 30 ml

Anti-wrinkle eye cream

A comprehensive solution against all signs of age-related changes. The use of the cream is comparable to the results of a blepharoplasty procedure. Thanks to the patented BEAUTIFEYE™ complex, the cream lifts the upper eyelid, reduces crow's feet wrinkles, reduces dark circles and puffiness under the eyes. MATRIXYL® synthe'6 complex fills wrinkles, restructures and smoothes the skin around the eyes.

Series for accelerated and comfortable  
skin regeneration

RESTORE

## BIO ACTIVE Concentrate

| 10 ampoules of 2 ml

Concentrate for skin regeneration

The active concentrate is designed to regenerate the skin, improve trophicity, stimulate regeneration, normalize the skin microbiome and anti-inflammatory action, seboreregulation, improve microcirculation and restore the protective epidermal barrier.

## RENEW Cocoon-mask

| 210 g

Regenerating alginate cocoon mask

Extract of Himanthalia elongata, a brown algae containing sea minerals, natural retinol (vitamin A) and vitamin C in high concentration, accelerates cell renewal and skin regeneration, eliminates wrinkles and hyperpigmentation, increases firmness and elasticity, promotes the synthesis of young collagen. It fights acne, prevents the appearance of skin imperfections, contributes to their rapid elimination.

## KELADERM

| 30 ml

Moisturizing and revitalizing cream

The cream has a pronounced regenerating, firming, anti-edematous, antioxidant and metabolic effect. It reduces wrinkles, redness, evens out skin tone and firms the skin. Thanks to the extracts of Spikenard, mountain arnica and Ginkgo biloba the cream perfectly eliminates puffiness and pastousness, normalizes microcirculation, strengthens blood vessels, improves cell metabolism.

## POSTINJECT Cream

| 50 ml

Repairing cream after invasive procedures

Specially developed formula for fast skin rehabilitation after all kinds of injection procedures. Innovative complex Neutrazen™ based on biomimetic tripeptide blocks the signs of neurogenic irritation, promotes fast recovery of damaged skin.
